EXPRESSION OF INTEREST FOR RECYCLING AND REUSE OF WASTE WATER ON BOO BAISIS

Jalgaon Municipal Corporation is "D" Class Municipal Corporation with approximate 4.70 lacs population. The area of Municipal limit is 68.24 Sq Km. The city is having MIDC in Municipal Corporation limit & some big agri-base industries and other units within and around the city. The daily water requirement of city is 80.00 Million liters per day & waste water generated is around 60.00 million liters per day (Approximately). The waste water disposal is thorough 4 main nallas flowing from city.

The maximum quantity of waste water disposal is through the lendi nalla which flows from south-east direction of city. The length of all nallas is 25.00 running KM. Jalgaon Municipal Corporation intends to recycle the 20% of waste water (i.e. 20 Million liters per day) in first phase. The recycled waste water should meet the norms & standards given for agricultural and industrial (non potable) use as per the norms of Maharashtra pollution control Board.

The expression of interest is invited for erection of waste water recycling plant on built, operate and own basis. JCMC will provide land on long term lease basis & waste water for recycling and also help the operator to sell the recycled waste water for farming, gardening and industrial use on profit sharing basis. A tripartite agreement will be executed between Corporation, operator and user. The agencies in this field / interested parties are invited to submit their expression of interest along with proposals & detailed project report within 20 days from the publication of this notice.(i.e. up to 5th Nov 2011). General information of city & other details are available in the office of project Engineer, 9th floor JCMC Jalgaon. (Contact No.2222261-Ext 164,152, 9403686211)

Date: 15/10/2011.
